

The Next Generation of Genomic Analysis

From predefined filters to contextual analysis
*From **click-more** to the beginning of **click-less***

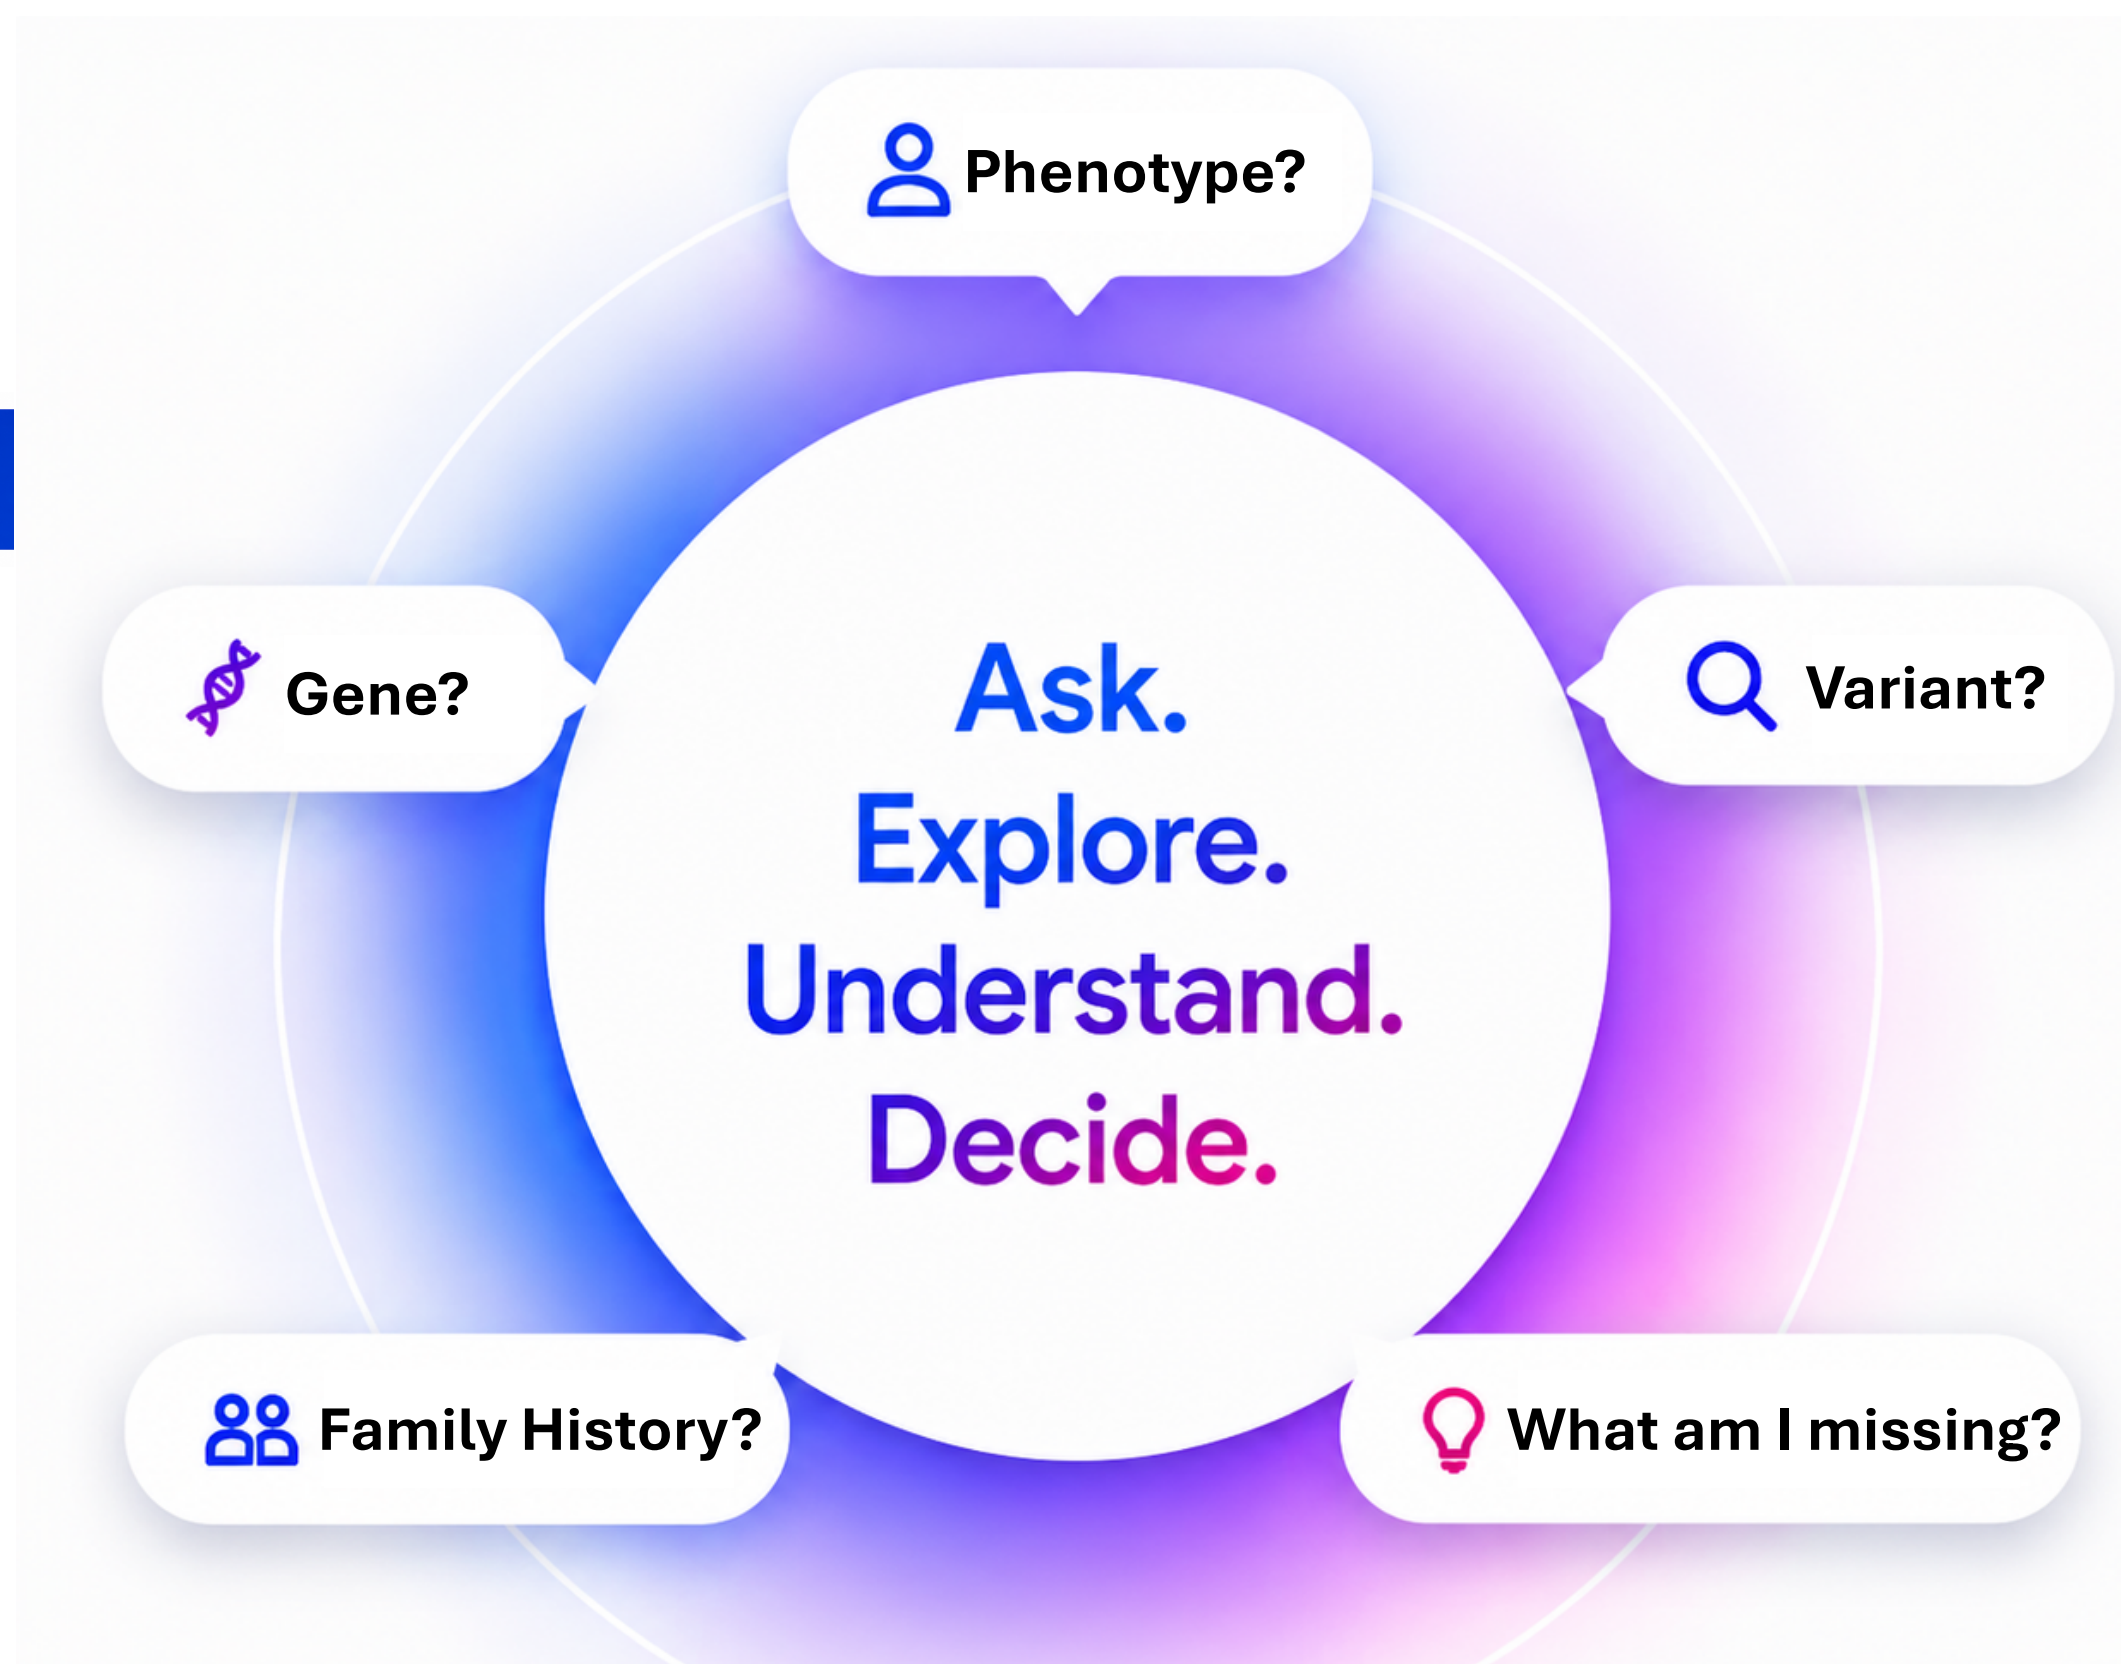

The Old Way

Predefined filters,
Fixed workflows,
More clicks and More
friction.

The New Way

Contextual
questions,
Intelligent
guidance,
Fewer clicks and
Greater clarity.

We Are Moving Genomic Analysis From Predefined
Filters to Contextual Questions, From **Click-more** To
The Beginning Of **Click-less**
